Barnstable High School

To our Fathers and Mothers

whose self-denials and many sacrifices have made
our high school education possible, we of
the Class of Nineteen Hundred and
Thirty-eight dedicate this volume
with gratitude and love.

Foreword

For you who see little significance in the word *Barnacle* as the name of this Annual, we would show its appropriateness. To both barnacles and the born child of Cape Cod the sea is essential; to the one it is the home; to the other it is a needful beauty, a means of spiritual re-creation, and oftentimes a source of livelihood. The deeper significance, however, centers around the tenacity with which barnacles cling to whatever object they attach themselves. Herein is the name especially appropriate for this Year Book, since the persons pictured, the names, and the facts recalled in it are as strongly affixed to our mental image of this school as are barnacles upon a rock; and since in the tenacity of our affections we will each keep a barnacle-like hold upon this best of schools—Barnstable.

Ode to Barnstable High

How express our consciousness
  Of what it means to part?
How give words to what each feels
  Deep within his heart?
The joy and pride in having reached
  The goal we've sought these years now past
Are nought compared with pangs of grief
  At leaving thee!

All that you to us have given,
  And what you'd have us be;
How you've for our interests striven
  Through our tears we see.
Whate'er we do, where'er we go,
  Thy precepts high we'll try to show,
And gratitude to thee e'er owe,
  Dear Barnstable High!

An Appreciation

In recognition of the part which one person has played in our lives during the past four years, we who are about to leave salute

Principal Melvin C. Knight

and hereby express our sincere appreciation of him as a principal, as a friend, and as a man.

As a principal he has provided for us, and led us to, those fields of study better suited to our individual needs and has broadened both our educational and cultural experiences; as a friend he has sympathized with us, counseled us, and sought in the smallest details to help each one of us; and as a man he has shown us the meaning of loyalty; of dependability, honesty, kindness, and good breeding.

"For manners are not idle, but the fruit
Of loyal nature and of noble mind."

—Tennyson.

History

The history of the Class of 1938 is written with the objectives of showing, first, the multiple phases of our school life and the many educational advantages by which we have been developed; and second, the support which we as a class have, through certain members, given to the various branches of school activities and thus contributed to the school.

As a class our life begins not at forty, but at the seventh grade, when 147 of us from the several village schools entered the Barnstable Junior High School in September, 1932. Of this year our most important recollection is that the Barnstable High School Band, which was to mean much in the development of certain members of our class, was organized by Mr. Griffiths. In the spring Eleanor Corrigan began her six years' leadership as drum major.

When we returned to school in the fall of '33, our class had reduced to 130 pupils. The two important changes that were to affect our lives were in the art and household arts departments. Miss Janet Jones, under whom we have enjoyed exceptional opportunities for training and development in drawing, became head of the art department, and Miss Harriet Chase was appointed assistant art teacher. The second change was the establishment of the Barnstable High School vocational household arts department under an arrangement by which the State and the Federal government pay one-half of the teacher's salary and one-half the maintenance charges. The stronger, broader department resulting from this arrangement has meant for many in our class additional opportunities in household arts. During the winter months, we enjoyed informal dances on alternate Friday afternoons after school in the boys' gymnasium. These dances brought us more closely together socially and gave us from the different villages an opportunity to become better acquainted.

September 5, 1934, we entered the ninth grade with a class decreased to 118. Mr. Melvin C. Knight, who had been superintendent and principal in Leicester, Massachusetts, was our new principal, but it was several months before we even began to grasp the significance to us of this particular appointment. Briah Connor, a graduate of Barnstable, was added to the faculty, as was also Mr. Jesse Taft, who was appointed head of the vocational agricultural department. This department, subsidized by the State and Federal governments as was the household arts department, was to offer to Harold Wirtanen and Edward Johnson of our class a four-year course in vocational agricultural education with half of their time given to general education and half to practical work in agriculture. A supplementary course in practical auto mechanics was also begun, in which for eight weeks during the winter months some of our boys learned to make small repairs on farm machines and the family car.

This year five members from Barnstable participated in the New England Music Festival at Hampton, New Hampshire, a marked contrast to the sixty-five who were to take part in the Festival two years later; vocal music was extended through grade ten, to our later advantage; the Girls' Glee Club was organized with one hundred members; the Boys' Glee Club, with fifty; the first orchestra had increased to fifty players; the second, to sixty; and the band, to forty, all with well balanced instrumentation.

As the year progressed, we began to weary of the detention penalty enforced for tardiness and decided that it was wise to be punctual; some of us began subconsciously to sing over and over the one line "The shades of (K)night were falling fast"; to others Bourdillon's poem "The Night Has a Thousand Eyes" held a different meaning; and all of us knew that Longfellow was wrong in saying

". . . when the (K)night is beginning to lower
Comes a pause in the day's occupation."

There were no idle pauses. Our school life was becoming fuller, richer with its many

and varied interests, by which we were receiving more balanced development mentally, physically, spiritually, and socially.

July 10 of this year, 1935, the Barnstable High School Band took first prize of $50 for appearance and performance at the opening of the Cape Cod Canal Bridges. Albert Anderson, William Bettencourt, Eleanor Corrigan, Gordon Fuller, Walter Rapp, and Alton Robinson of our class helped win this honor. This was the first time that the natty scarlet and white band uniforms, to which we still thrill, were worn. To us they surpass all other band uniforms that we have seen, and we are still grateful to those who made their purchase possible.

As sophomores we returned to school on September 4, 1935, one hundred and thirteen strong in a unit of 766 pupils, which was the largest enrollment in the history of Barnstable High. As a class we organized with Robert McKinney, president; Sally Turpin, vice-president; Shirley Aharan, secretary; Edson Scudder, treasurer; and Warren Freeman, faculty adviser. To the Student Council which had been inaugurated the previous year we elected Albert Anderson and Norman Williams as our representatives. They later attended the Student Council Convention at Brighton High.

In October the Activities Association was formed, by which Mr. Knight planned to make athletics self-supporting and to subsidize other extra-curricular activities. Robert McKinney was vice-president, and Albert Anderson, secretary. Student support was greatly increased through the sale of All-Sports tickets, which at a great saving entitled the pupils to all home games and to an A. A. dance with refreshments free!

A marked increase in interest in athletics was shown both in attendance at games and in the number of pupils participating. Two hundred and fifty-seven students took part in varsity athletics, and 375 in intramural. Albert Anderson, Edward Johnson, and Francis MacEacheron, who had received a letter his *freshman* year, were on the football squad. Albert was fullback in the Falmouth game and was the only sophomore to receive a letter. The basketball team, to which we gave our class support through "Tuggy" Maki, after a successful season accepted the challenge of Sandwich to play for the Cape Cod Championship title and for the *Standard-Times* Trophy. After two three-minute periods to break ties, Barnstable scored thirty against Sandwich's twenty-six through "Tuggy's" sinking the winning basket. This year the Barnstable Post of the American Legion both rewarded and encouraged girls' basketball by the basketball banquet at which the squad were guests.

Also this year spring football was started to begin building up the fall team.

In music, Albert Anderson, William Bettencourt, Eleanor Corrigan, Gordon Fuller, Taisto Ranta, Walter Rapp, and Alton Robinson were an important part of the band, which was presented a silver cup by Mr. Alexander Pate for their excellent appearance and fine playing in the parade on Armistice Day. Through the concert which the band gave in January with Doric Alviani as guest artist, they earned money for the Activities Association. The orchestra was strengthened by Albert Anderson, Avis Bacon, Frank Bearse, William Bettencourt, Teresa Cash, Janice Glover, Anna Maderios, Taisto Ranta, Alton Robinson, and Gifford Shaw. On March 11, 1936, thirty members of the band, orchestra, and glee clubs went to Springfield to the All New England Music Festival, whereas the year before only five had gone to Hampton! The Boys' Glee Club later produced the Gilbert and Sullivan operetta "Trial by Jury."

Decided advancement was made this year in the agricultural department. Five boys, among whom was Edward Johnson, entered the interscholastic vegetable judging

contest at the Massachusetts Horticultural show in Boston on October 16 and won second place for Barnstable, which scored 1555 points against the 1580 of Essex County Agricultural School. As a result of this elimination contest for schools of eastern Massachusetts, Edward Johnson was one of the ten individuals allowed to compete against schools from western Massachusetts on November 8, at Massachusetts State College. Here Johnson won a medal awarded by the Massachusetts State Department of Agriculture for placing third among forty contestants in the vegetable judging contest, and the team of which he was a member placed fourth in a group of thirteen. Johnson later competed for a place on the vegetable judging team to represent Massachusetts at the Union Agricultural Meetings in Worcester and was one of the three boys from the whole State to make the Massachusetts team.

Other activities of this year by which we were, and have since been further, developed were the *Clipper*, dramatics, and public speaking. The *Clipper*, reorganized as a junior-senior high publication under Miss Mabel Harris, was published in November, February, and April. Alice Macdonald, Constance Stackhouse, Harrison Brackett, and Wilma Blagden were on the editorial staff. At the end of the year the *Clipper* was rated fourth place in its class by the Columbia Scholastic Press Association.

The dramatic group of thirty-two members presented "Huckleberry Finn," the beautifully produced "Pageant of Christmas," and "Peg O' My Heart." Harrison Brackett represented our class in the latter play, which, under the direction of Miss Buckler, was for the benefit of the P. T. A. Student Loan Fund.

In March, 1936, Barnstable High showed its first active interest in the development of public speaking by being host to the schools of the Southeastern District, which includes all schools of the Cape and those adjoining its northwestern boundary, including Plymouth, Middleboro, Fall River, and New Bedford. Of this district Principal Knight was made chairman as well as being State vice-chairman. In this preliminary tournament Alice Macdonald participated in humorous declamation; Edson Scudder, in original oratory; Elliott Desilets and Robert McKinney, in extemporaneous speaking. Later in the month Albert Anderson, Robert McKinney, and Elliott Desilets, three of the four members on the first debating teams that Barnstable had ever organized, represented the school in the Massachusetts State Speech Tournament, which was held at Williamsburg.

Through the assemblies which were this year made a stronger part of our life we had fine speakers and entertainers brought to us and also were encouraged to take part in presenting dramatic, musical, or literary programs.

When we returned to school in the fall of 1936, we numbered 104 and were to include throughout the year five new members—Lennox Bodman, Viola Desilets, Edmond Messervey, Jane Nason, and Grace Roche.

The Student Council, to which we elected two representatives—Shirley Aharan and Robert McKinney—because of the withdrawal of Norman Williams, supervised class elections, and officiated at the first meeting of the Activities Association.

Edson Scudder was class president this year; Russell Starck, vice-president; Suzanne St. Coeur, secretary; and Sally Turpin, treasurer. Mr. Freeman was still class adviser.

Early in the fall a magazine drive was held through the co-operation of the Curtis Publishing Company, by which drive a Bell and Howell Filmosound Projector was

later purchased that our education might be enriched by visual means. Since then many educational films have added to our understanding of subjects.

This year Harrison Brackett was editor-in-chief of the *Clipper*, which, under the supervision of Mr. Edward C. Manning, was increased to four publications and included on the All-Sports tickets. It is possibly because Suzanne St. Coeur, Eleanor Corrigan, Elliott Desilets, Priscilla Knott, John Lanning, and Rosemary Scudder were on the editorial or business staff that it was given an award of second place in its class for schools with enrollments of 300–800.

The music department further showed its strength this year. The Girls' Glee Club, of which Rosemary Scudder was treasurer, had increased to 120 members; a drum major class was formed; letters to members of the orchestra were for the first time awarded on November 4, 1936, by Mr. Knight to Taisto Ranta, Albert Anderson, Anna Maderios, Frank Bearse, Janice Glover, and Avis Bacon; the orchestra was so good that it was invited to play at the Principals' Conference that met at Framingham; and the New England Music Festival was held at Barnstable March 10–14! This Festival, which gave prestige to Barnstable High, was drawn to us largely through the influence of Mr. Griffiths. For four days seven hundred pupils participated in rehearsals and concerts. Among these, sixty-four from Barnstable High were in orchestra, band, or chorus.

Debating was strengthened this year by Barnstable's joining the Colonial Debating League. Robert McKinney and Elliott Desilets were the only two members who had ever participated in a debate or even heard one, yet the Barnstable teams defeated New Bedford High, New Bedford Textile, and Brockton. Having lost only to Fall River, Barnstable tied with Fall River for first place in the League. Again Barnstable was host school in the preliminary contest of the second annual Massachusetts State Speech Tournament of the National Forensic League, and March 19–20 McKinney and Desilets were on our debating teams in the State Tournament at Charlton. Here they defeated three teams in the semi-finals before they were eliminated. Through the work of these two debaters in particular, Barnstable won during its first year in debating more than the 200 points necessary for a charter to organize a National Forensic League Chapter.

The high spot in social activities this year was to us the Junior Prom., held on May 28 in the auditorium, which was decorated with purple and green balloons and large leaves to give the effect of giant bunches of grapes.

As seniors, ninety-one of us returned to school September 8, 1937. The class elected William Hodgkinson adviser, Robert McKinney president, Chester Coggeshall vice-president, Mary Higgins secretary, and Sally Turpin treasurer. Committees were appointed early to take charge of the various senior class interests.

October 28, the Student Council was represented by President Robert McKinney, Albert Anderson, and the new senior member, Francis Roderick, at the conference of the southeastern Massachusetts division of Student Councils at Whitman.

Season tickets of the Activities Association were again issued, this year covering not only all home games but including four issues of the *Clipper*, and a play, and a musicale.

During the football season the new sport—cross country—was launched between

the halves of the Monsignor Coyle game. Competing with entrants from Sandwich, Orin Keyes came in second in the two-mile run, with Harvey Jones third.

The Hinkle trophy was this year awarded to Russell Starck as the senior player who had shown "the greatest school spirit, the most willing co-operation with coach and team, and the highest type of sportsmanship."

Captain Williams Stewart was selected by the *Cape Cod Standard-Times* for the All-Cape Football Team. Starck received honorable mention.

In girls' athletics Mary Higgins and Josephine Irving deserve mention. Mary, the only girl of our class to play on the basketball team throughout four years, was captain of girls' basketball senior year, and Josephine Irving was captain of girls' hockey.

Early in the fall the Dramatic Club was soundly organized by Mr. Cheever, with a junior high branch which, under Miss Banning, has trained toward the senior club. Of the Senior Dramatic Club, Harrison Brackett was president; Edmund Messervey, vice-president; Sally Turpin, secretary; and Suzanne St. Coeur, treasurer. At Thanksgiving the Club produced, "Stolen Fruit"; at Christmas, a deeply significant play with a beautiful setting, "Why the Chimes Rang"; and in April, the hit of the year, "Tiger House."

Barnstable High was still rated as a Class A school by the State Department of Education, and the certification privilege from the New England College Entrance Certificate Board was extended to December 31, 1940.

March 16–20, forty-seven pupils, among whom were many seniors, played in the New England Music Festival at New London, Connecticut. This was followed by the exchange concerts with the Pawtucket High School Band; by the festival of the Massachusetts Music Festival Association that was held in Fall River, where the band received a rating of B, and the string quartette, a rating of A; and by the festival in Burlington, May 20–22.

In February, our class presented a minstrel show before a full house. The jazz trio, two members of which were Gordon Fuller and Alton Robinson, was the hit of the show, and Willis Leonard, as interlocutor, was *sans pareil.*

On March 22, Alice Macdonald and Evelyn Lahteine won laurels for the class by placing first and third in dramatic declamations in the district speech tournament held at Barnstable, and Josephine Irving, by placing first in humorous declamation. These three and McKinney and Desilets on the debating teams did well in the State tournament of the N. F. L. at Fall River, even though they didn't place in the finals.

At the end of April we were proud of Ellsworth Wirtanen, who passed his examinations for the Massachusetts Nautical School. Though he left to begin training immediately, he was granted his diploma. This same month Jane Nason also had the honor of submitting the best essay from the whole school in the nation-wide Constitutional Essay Contest.

Now our high school life is ended. To many shall we always be indebted: to the taxpayers, who have made this institution possible; to the school officials who have planned our educational opportunities; to the teachers; to the many friends of the school who have given their time and services to address us or to judge and encourage us; to those who have in any way rewarded our efforts; and to our parents, who have denied themselves that we might go through high school. To all of these do we here express our deepest gratitude.

MARY DELLA ADAMS
Osterville

"Full many a rose is born to blush unseen."

Although Mary Della appears demure and retiring, she enjoys refined society. She is ever willing to help others and prove herself a conscientious friend. The teachers have always admired her earnest effort and seriousness, by which she is qualifying to be a secretary.

SHIRLEY AHARAN
Hyannis Port

"With virtue and conscience of her worth."

Shirley's fine character won her by vote of the class and the faculty the D. A. R. Good Citizenship Award, which is based upon dependability, service, leadership, and patriotism. What more can be said?

ALBERT ANDERSON
Hyannis

"Knowledge is king."

Al is the one high honor student of the class. Satisfied with nothing less than a perfect lesson, he is one of that rare, almost extinct species called a student; yet he has earned a prominent place in the baseball and football annals, participated in the social activities of the school, and found time to play his flute and to have his usual sally on Friday evening. His sound judgment and reasoning have also made him an asset to the class.

AVIS BACON
Hyannis

"The head and the heart go together."

Avis has been steadily on the honor roll, but more important to us have been her kindliness, generosity, and pleasing friendliness. In embarrassing moments her smiling face often flushes to crimson. This, however, runs in the family. Remember "Emmy"?

MURIEL BASSETT
Barnstable

"To know her was to love her."

"Musie," as we like to call her, is a good example of that well-known adage "All good things come in small nackages." Though her stature is small, her volume of friends is large. We know that she will be appreciated when she finds her place in the business world.

FRANK BEARSE
Hyannis

"Manners adorn knowledge and smooth its way through the world."

Honor student, perfect gentleman, and usher at the Center Theater, Frank further won us all by his ballet dancing *a la jeune fille* in the minstrel show. His courtliness and pleasing personality will be assets to his work in advertising.

Hyannis

"Who hasn't flirted at least a little?"

Una is, as her name signifies, one of the best girls in our class. Her ability to laugh and join in the fun has made her socially prominent during her high school career. Una plans to enter the Chamberlain School and ultimately become a buyer of clothes—but she's already that!

WILLIAM BETTENCOURT
Hyannis

"For there is music wherever there is harmony, order, and proportion."

The harmony with which Bill lives with himself and with others, the order with which he conducts himself, and his fine physical proportions may account for the music within his soul. For three years he has contributed greatly to both band and orchestra by playing the solo trumpet. Bill hopes to join the Navy.

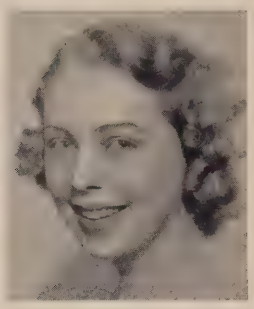
Hyannis

"Thou foster-child of Silence and slow Time."

Reserved and perhaps bashful, Ray has chosen to remain apart from us. Only on rare occasions has he joined the gang, but then we have seen a good fellow, willing to have fun and be a friend.



WILMA BLAGDEN
Hyannis

"Grace was in all her steps, heaven in her eye,
In every gesture dignity and love."

Fun-loving, yet deliberate in thought and action, "Mimi" takes life calmly and happily. She has artistic taste and ability and a flair for clothes so that she gives promise of success as a costume designer or as a fashion illustrator after studying at the Vesper George School of Art.

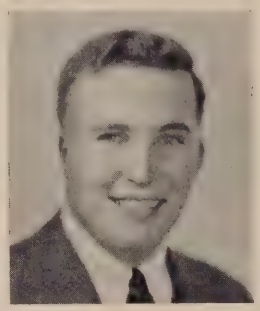
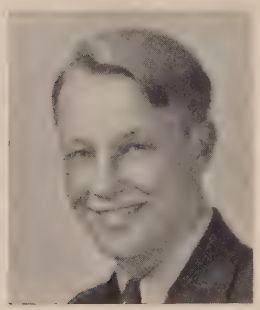
LENNOX BODMAN
Hyannis

"Good nature brings many friends."

Lenny joined the class only last year but by his unruffled good nature quickly became one of us. Interested in life on the bounding main, he plans to enter the American Nautical Academy and in time become an officer in the Merchant Marine.

Football 3; *Basketball* 3; *Volleyball* 4; *Track* 4; *Dramatic Club* 3.





DONALD BOWEN
Hyannis

"Oh, Sleep! It is a gentle thing,
Beloved from pole to pole."

"Abe's" chief characteristic is lack of speed, yet "Flash" has always been prominent in athletics, and strange as it may seem, he is an excellent track man when he deems it proper to step on the gas. Even more to his credit is the fact that he has been on the honor roll every term this last year despite the burden of five major subjects.

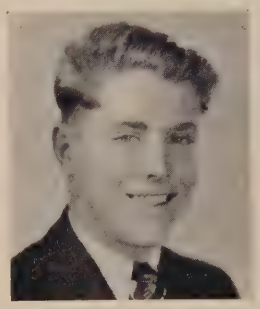
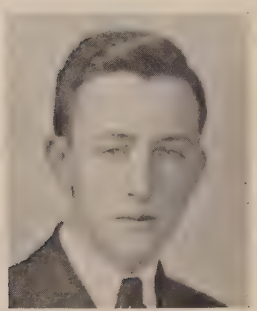
JOHN BOWEN
Centerville

"Every man for himself."

Johnny must have been cast from a mold of seriousness, for he believes in hard work and little play. As a member of the class, he has always been willing to co-operate and to be of service to all of us. We sincerely hope that his conscientious labor leads him to success.

Minstrel Show 4.





HARRISON BRACKETT
Cotuit

"He speaks an infinite deal of nothing."

Harry is our professor. In lengthy discourses of choice expressions and uncommon words, he has often professed that because of the "celestial atmosphere of the day" he should not be compelled to give a speech in punishment for private conversation. Undoubtedly it is his aptitude for speaking that has made him shine so brilliantly in our dramatic productions.

DOROTHY BROWN
Hyannis

"A bit of seriousness mixed with a dash of fun."

Dot is one of the best liked girls in the class. While she hasn't played on any teams, she has contributed much to girls' athletics by helping provide transportation for the team members. Dot is a walking fashion plate with a preference for the Navy blue.

THERON BURLINGAME
Hyannis

"Be silent and safe—silence never betrays you."

Theron evidently believes this, for he wastes no words in idle chatter. His plans for the future are to work in a boat shop. That, on the Cape, offers possibilities.

Golf 3, 4.

DOROTHY BYSTROM
Osterville

"Gentle in manner, firm in reality."

"Dodie" is a quiet girl until she and "Libby" Gardner get together, when there are always sounds of mirth. Just why she haunted the library so much we never determined unless it was that she sought to avoid a certain study hall.

Minstrel Show 4.

TERESA CASH
Barnstable

"Let's go hand in hand, not one before another."

Tessie is our class artist and hopes to continue her study of art by attending the Vesper George School. Her original ideas, impulsive nature, and determination to do well will help her succeed in this field.

ELIZABETH CHADWICK
Barnstable

"Reproof on her lip, but a smile in her eye."

You can't help respecting Betty. She is fine, reserved, modest, dignified, and of high ideals. Her snappy eyes and ready smile have won her a place in the hearts of many.

CHESTER COGGESHALL
Hyannis

"Strength of heart and might of limb."

Within the last two years Coggie has become our most consistently outstanding athlete, starring in football, basketball, and baseball. His upright character and popularity influenced us to make him our vice-president. According to an undergraduate blonde, Coggie is a fine fellow. We heartily agree.

ELEANOR CORRIGAN
Hyannis

"Action and life! Lo, here the key."

Eleanor believes in turning the dark clouds inside out, and as our drum major she succeeded in doing this in a most commendable way. Extremely versatile, Eleanor performed efficiently in basketball, dramatics, dancing, music, and public speaking. The life of the party at all times, she will always have many friends.

NORMAN DAGGETT
Barnstable

"The kings of modern thought are dumb."

Norman has considerable knowledge about anything relative to radio, wherein lies his greatest interest. "Far from the madding crowd," he lives in a world of thought. Has it not been ever thus with the world's great minds?

ELLIOTT DESILETS
Hyannis

"He that seeketh findeth."

Through his participation in debate, extemporaneous speaking, and declamation, Elliott greatly helped the school get its N. F. L. charter. He is an excellent pupil in the business department, has shown considerable ability on the business staff of the *Clipper*, and has the knack of reportorial writing. Initiative, seriousness of purpose, and reliability characterize Elliott.

WILLIAM F. HODGKINSON, JR.
Class Adviser

Acknowledgment

The Class of Nineteen Thirty-eight hereby express their gratitude to William F. Hodgkinson, Jr., for the time and effort which he, as faculty adviser, has expended in guiding them through a minstrel show, through financing the *Barnacle*, and through their other class activities; and to Corinne Weber Hurst, who as literary adviser of the *Barnacle* has assisted them in the preparation of this volume.

ACTIVITIES

Barnstable High School Activities Association

The financing of extra-curricular activities is in any high school a problem. In 1935 Mr. Knight inaugurated the Activities Association, in which are pooled the proceeds, and from which are financed the costs, of the extra-curricular school activities, with the exception of those sponsored by a class.

The sale of season tickets, which at a great saving entitle the holders to all home games, to the A. A. Dance, to four issues of the *Clipper*, and this year to a play and to a musicale, guarantees a definite student subscription in support of activities.

Each year, through the co-operation of Mr. Griffiths, the music department has contributed substantially to the Association by giving one or more concerts and by the money which the Band receives for playing on Memorial Day. This year a joint concert was given at Hyannis by the Pawtucket and Barnstable High School bands and orchestras, and a Grade School Concert was held June 4.

Gate receipts from the games further increase the fund.

Under this plan, not only have all athletic activities been made self-supporting, but the A. A. fund has temporarily subsidized the *Clipper* until the money for advertisements was paid in; has provided books and literature for the debaters; paid for a ticket booth; bought music and paid for repairs of music instruments; helped pay the transportation of pupils to contests and student organizations; paid for the membership dues and degrees of the debaters in the National Forensic League; and has made it possible for the High School to occasionally extend to judges and guests the hospitality of a lunch. In fact, the Activities Association solves the problem of how a school may have access to ready money to meet the countless incidental expenses of organized activities.

The Student Council

The Student Council of Barnstable High School, organized in 1934 by Mr. Knight, regulates school activities and acts as intermediary between the faculty and the students. It is composed of nine members of high character and scholastic standing—four seniors, three juniors, and two sophomores—each of whom serves throughout his high school life.

Under the guidance of Briah K. Connor of the faculty, the Council this year participated in the Associated Body of High School Councils of Massachusetts, which met at Mansfield; joined the National Association of Student Officers; sponsored a Harvest Social; supervised class elections; and has begun compiling a student handbook of general information, covering courses of study, organizations, and activities.

SAMUEL GRIFFITHS
Director of Music

Music

Under Director of Music Samuel Griffiths, the music department of the Barnstable High School includes a senior high orchestra of forty-five members, a junior high orchestra of thirty-three, a senior band of forty-three, and a junior band of forty-one—all with well balanced instrumentation; a boys' and a girls' glee club, each open to pupils of grades eleven and twelve and with enrollments of forty-one and ninety-three respectively; and classes in vocal music in grades seven, eight, nine, and ten, with music appreciation included in the ninth grade course.

Largely through the influence of Mr. Griffiths, the New England Music Festival with its 700 participants was held in Hyannis at the Barnstable High School in March, 1937.

This year fifty members from Barnstable High entered the band, orchestra, and chorus of the Festival at New London, Connecticut.

In the Massachusetts Music Festival held at Fall River on May 7, 1938, the Barnstable High School Band received a rating of B, and the string quartette, a rating of A.

On May 21, Barnstable sent the string quartette and thirty-five band members to the New England Music Festival at Burlington, Vermont, where the 5000 entrants made this the largest Festival yet held. In this competition, the band and quartette were both rated B plus.

The social and esthetic pleasures that pupils have derived from their education in music will strengthen their appreciation of their school.

SENIOR DRAMATIC CLUB

Dramatics

Under the direction of Wilbur Cheever dramatics have developed into an active extra-curricular interest. Through the Junior Dramatic Club, organized with the co-operation of and under the direct guidance of Miss Evelyn Banning, a progressive program has been followed which will prepare pupils for the dramatic training of the senior high school. In addition to the regular club programs, the group has produced four assembly plays for teachers in the junior high division.

The Senior Dramatic Club of fifty-five members has held meetings regularly, at which pupils have given short skits or presented programs on lighting, staging, and scenery.

At Thanksgiving the Club produced "Stolen Fruit"; at Christmas, a beautiful play —"Why the Chimes Rang"; and in April, "Tiger House," a three-act mystery comedy, presented by the cast with amazing interpretation of their parts and in a setting both artistically charming and astonishing, since it was made entirely by pupils, also under the direction of Mr. Cheever.

NATIONAL FORENSIC LEAGUE MEMBERS

Debating and Public Speaking

March 2, 1938, Barnstable High was granted a charter by the National Forensic League, authorizing the organization of Chapter 818. Stimulated by the interest of Principal Melvin C. Knight, who is State vice-chairman and chairman of the Southeastern District of Massachusetts, the debaters and contestants in public speaking had earned in one year more than the two hundred credits necessary for the charter.

March 22, Barnstable was for the third year host to seven of the schools of the Southeastern District. In this tournament Barnstable placed first and third in dramatic declamations and first in humorous, while the debaters lost to both Fall River teams by 2–1 decisions.

April 1–2, the school sent seven representatives to the N. F. L. State Tournament at Fall River. Here the debaters lost to Groton negative, again to both Fall River teams, and to the affirmative of Cushing Academy, but defeated both Hingham teams and the Shrewsbury affirmative.

In the other debates of the season, B. H. S. lost to the negative of the Academy of the Sacred Hearts and defeated both teams of New Bedford High.

THE CLIPPER STAFF

The Clipper

The *Clipper*, reorganized in 1936 as a junior-senior high publication, is issued in November, February, April, and June. Twenty-eight pupils under the direction of Edward C. Manning as faculty adviser and Miss Bertha A. Newcomb of the faculty as advertising adviser work enthusiastically in analyzing and expressing their ideas and in publishing the best of student literary efforts.

This year the *Clipper* was again awarded by the Columbia Scholastic Press Association the second prize in the senior high school class for enrollments of 300–800.

Football

Although the veteran and reserve material appeared promising at the beginning of the year, the Barnstable football team finished their season with a record of three victories, six defeats, and one tie.

In the opening game, the boys bowed to Saugus 32–0, but came strong to play a scoreless deadlock with Mansfield on the home gridiron. Then came a 12–0 setback at the hands of Falmouth, with Mills playing the leading role. Spurred on by this defeat, the boys beat Dartmouth 12–6 and then smothered Holy Family by a 31–14 score. A strong Fairhaven team edged Barnstable 6–0, but the team retaliated by whipping Angel Guardian by a decisive 45–6 margin. Three defeats from Monsignor Coyle, Provincetown, and Falmouth ended the season.

Boys' Basketball

The 1937–'38 basketball season opened with Barnstable losing to Harwich after two overtime periods. Then followed victories over the Alumni and Provincetown and defeat at Fairhaven. Barnstable next beat Sandwich and Marblehead but lost to Falmouth 39–36. A score over Story High of Manchester, successive reverses at the hands of Sandwich, Fairhaven, and Provincetown, and an impressive victory over Plymouth gave Barnstable a six-all record. After losing again to Falmouth, to Middleboro, and then to Story High, the team closed the regular season by a fine victory over St. Ann's High of Gloucester, with Henry George leading the attack with eleven points.

In the Brockton Tourney, Barnstable easily beat Walpole in the first round, 50–43, with Chet Coggeshall and Captain Maki leading the point-gathering with twenty-four and sixteen points respectively. In the second round, however, the boys lost to Rockland High, one of the favored teams in the competition.

Captain Maki and Chet Coggeshall led the scorers at the season's end. "Tug" collected 202 points, and "Coggy," 168.

Baseball

The Barnstable High School baseball team, greatly strengthened by the reappearance of "Tuggy" Maki, started its sixteen-game season by collecting six consecutive victories over Manchester, Yarmouth, Falmouth, Provincetown, and over Sandwich twice. Although Yarmouth scored an upset over them by 4–3, Barnstable regained its winning stride in the following game at the expense of Provincetown.

The pitching of Maki and Coggeshall was steady and consistently good. Those two men, along with McKinney, Anderson, Renzi, and Salo, provided the offensive power of the team.

Track and Cross Country

The track team, although for the most part a green team, topped Orleans 86–13, taking every first place but one. Keyes, "Tug" Maki, Renzi, and Pat McKeon were the chief point gainers.

In the Weymouth meet of nine schools Barnstable placed fifth. In class A, Keyes took second in the 440 yard run and fourth in the mile. Pat McKeon took third in the pole vault; Maki, second in shot put; and Renzi, third. In class B, Henry George placed fourth in the 220 and John McKeon, second in the 440. Both junior relay teams placed third in each race.

The cross country team held its only meet on Armistice Day with Sandwich. Running over a two and seven-tenths mile course, Barnstable won with a score of 28 to 29. Keyes placed second, and Jones, third.
